LA FERIA DEL FUTURO ENERGÉTICO DE MÉXICO

11-13 APRIL 2024 GUADALAJARA

## EXHIBITORS

Solar + Storage Mexico 2024's Energy Night positioned itself as the most exclusive networking event for the solar industry.

An extremely enriching evening that undoubtedly strengthened ties and opened opportunities for the joint progress of the sector.

## Testimonials

Ulises Alcázar

Product Engineer, Huawei Technologies Mexico

HUAWEI

"We are very happy to participate for the second time in SSM, the truth is that it went very well. We are very happy to receive our clients, to talk with our colleagues and to look forward to a future with more renewables and to continue growing towards a sustainable future".

Alberto Morales

Chief Executive Officer, Tigä Power

Tigä

"We are distributors of photovoltaic equipment. We are very pleased with the results we have obtained with this exhibition. It is an amazing place and very suitable to have connection with our customers and suppliers. It is worthwhile. I recommend it and we hope this continues to happen and grow."

## Testimonials

Joel Corral

"The conferences were very good, with very valuable information, it was very interesting to learn about the experiences and knowledge of industry experts, there were quite a few international speakers."

VISITOR

Giselle Cazares

"I thought it was a great expo. There are too many people and innovative solutions. Batteries, PV modules, inverters, you can find everything. I highly recommend it."

VISITOR

Ecomondo MEXICO

## EXHIBITORS

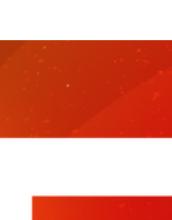

Gianluca De Checchi

Latin America Manager of Panizzolo Recycling Systems

panizzolo recycling systems

"It is the first year participating in Ecomondo Mexico, after having participated many times in Italy. It was a very interesting experience, a good turnout. It is going to be interesting next year, for us Mexico is a new market. We found several interesting people to start collaborations".

Miguel Ángel Delgado

Evonik Industries de México

EVONIK

"The Fair was really very good. It brought us closer to people who are really interested in the treatment of organic matter, the recovery of biogas to be able to carry out the generation of electricity from renewable sources."

Iván Saldívar

"I thought the Fair was excellent. It met the standards and expectations. The experience was positive, we took away a lot of learning and a commercial portfolio to do business. Everything was of a good level."

VISITOR

Ana Sofía Ayala

"I loved the fair, I am in love with how people are interested in finding solutions for a sustainable future."
